

The Job Board

Article Number: 447 | Rating: Unrated | Last Updated: Jan 7, 2019 at 3:28 PM

The Job Board allows employers to post jobs to the system, which are ultimately viewed by the candidates, and is access via the Job File link in the top menu bar. The CSO of each institution can review and approve each posted position. Candidates can utilize the Job Board to search for jobs that match designated search criteria.

Job postings needing approval are reviewed by the CSO. Once approved, the job posting is available for candidate searches.
