

Deleting an OCR Request

Article Number: 867 | Rating: Unrated | Last Updated: Dec 3, 2018 at 5:27 PM

Question: I want to delete a confirmed request but the delete button is not available, I should have the permission to delete a request. **Answer:** Admins who have the permission to delete a request can only delete requests that have not been confirmed or declined. Once a request has been confirmed or declined, the
